Forward-Looking Statements

This document may contain forward-looking information or forward-looking statements (collectively, "forward-looking information"). All information contained in this communication that is not clearly historical in nature or that necessarily depends on future or subsequent events is forward-looking information prepared as of the date hereof and is based upon the opinions and estimates of management and the information available to management as of the date hereof. In some cases, forward-looking information can be identified by the use of forward-looking terminology such as "expect", "likely", "may", "will", "should", "intend", "anticipate", "potential", "proposed", "estimate" and other similar words, expressions and phrases, including negative and grammatical variations thereof, or statements that certain events or conditions "may," or "will" happen, or by discussion of strategy. Forward-looking information is based upon a number of current internal expectations, estimates, projections, assumptions and beliefs that, while considered reasonable by management, are inherently subject to significant business, economic, competitive and other uncertainties and contingencies. Forward-looking information is not a guarantee of future performance and involves known and unknown risks, uncertainties and other factors (including the risks and uncertainties in the Company's financial statements and Management Discussion & Analysis available on the Company's website), that may cause actual results, performance or achievements to be materially different from the future results, performance or achievements expressed or implied by such forward-looking information. Any estimates, investment strategies or views expressed in this document are based upon current market conditions, and/or data and information provided by unaffiliated third parties, and are subject to change without notice. To the extent any information in this document was obtained from third party sources, the Company has not independently verified that information, and there is a risk that the assumptions made and conclusions drawn by the Company based on such information are not accurate. Except as required by law, the Company disclaims any obligation to update or revise any forward-looking information, whether as a result of new information, events or otherwise. Readers are cautioned not to put undue reliance on this forward-looking information.

Non-IFAS Measures

To supplement GoTo Group's consolidated financial statements, which are prepared and presented in accordance with SFAS in Indonesia (IFAS), GoTo Group uses the following non-IFAS financial measures including gross revenues, contribution margin and adjusted EBITDA, to understand and evaluate GoTo Group's core operating performance. However, the definitions of GoTo Group's non-IFAS financial measures may be different from those used by other companies, and therefore, may not be comparable. Furthermore, these non-SFAS financial measures have certain limitations in that they do not include the impact of certain expenses that are reflected in GoTo Group's consolidated financial statements that are necessary to run GoTo Group's business. Thus, these non-IFAS financial measures should be considered in addition to, not as substitutes for, or in isolation from, measures prepared in accordance with IFAS.

These non-IFAS measurements are not intended to replace the presentation of GoTo Group's financial results in accordance with SFAS. Rather, GoTo Group believes that the presentation of Adjusted EBITDA provides additional information to investors to facilitate the comparison of past and present results, excluding those items that GoTo Group does not believe are indicative of GoTo Group's ongoing operations due to their size and/or nature. Contribution margin and adjusted EBITDA presented herein may not be comparable to similarly entitled measures presented by other companies, who may use and define this measure differently. Accordingly, you should not compare this non-SFAS measure to those presented by other companies.

Unaudited and Pro Forma Financial Information

GoTo Group furnished the pro forma consolidated statement of profit or loss and other comprehensive income as if Tokopedia had been consolidated by GoTo since January 1, 2020. The pro forma consolidated statement of profit or loss and other comprehensive income have been prepared based on the Company's combined historical financial information, excluding the amount of historical financial information recognised as intercompany elimination item. Pro forma consolidated statement of profit or loss and other comprehensive income is not intended to be a complete presentation of the GoTo Group's financial performance or results of operations had the transactions been concluded as of and for the periods indicated. In addition, these pro forma information are provided for illustrative and informational purposes only and are not necessarily indicative of the GoTo Group's future results of operations or financial condition as an independent, publicly traded company.

The pro forma financial information included in this presentation has been prepared by and is the responsibility of management. This pro forma information has not been audited, reviewed, examined, or applied any procedures with respect to the pro forma financial information, included in this presentation. Accordingly, there are no opinions or any other form of assurance expressed with respect to any and all pro forma financial information presented in this presentation.

The pro forma financial information included in this document (i) is presented based on currently available information and estimates and assumptions that the GoTo Group's management believes are reasonable as of the issuance date of this document; (ii) is intended for informational purposes only; and (iii) does not reflect all decisions that are undertaken by the GoTo Group after the acquisition.

While the pro forma financial information is helpful in illustrating the financial characteristics of the consolidated companies, it is not intended to illustrate how the consolidated companies would have actually performed if the acquisition of Tokopedia in fact occurred on the date of acquisition or to project the results of operations or financial position for any future date or period.

In addition, GoTo Group also furnished the result for the three months ended March 31, 2022 in this presentation. This information is extracted from the consolidated financial statements of the Company as of March 31, 2022 and for the three months ended March 31, 2022 and 2021 that has not been reviewed or audited. The consolidated financial statements as of March 31, 2022 and for the three months ended March 31, 2022 and 2021, has been prepared by and is the responsibility of management. This financial information has not been audited, reviewed, examined, or applied any procedures with respect to the consolidated financial information for the three months ended March 31, 2022 and 2021, included in this presentation. Accordingly, there are no opinions or any other form of assurance expressed with respect to any and all interim financial information for the three months ended March 31, 2022 and 2021 presented in this presentation.

Operating Metrics

LTM ATU or Last Twelve Months Annual Transacting Users means the number of unique transacting users in the trailing twelve months.

GTV or Gross Transaction Value means gross transaction value, an operating measure representing the sum of (i) the value of on-demand services transactions; (ii) the value of e-commerce transactions for product and services; and (iii) the total payments volume processed through our financial technology services, excluding any inter-company transactions.
